

UC Irvine Health

Chao Family  
Comprehensive Cancer Center

# You're Invited

Meet the UC Irvine Health radiation oncology team.

Thursday, January 28

6-8:30 p.m.

Chao Family Comprehensive Cancer Center

101 The City Drive, Bldg. 23

Orange, CA 92868

Complimentary valet located next to cancer center.

Enter on Medical Center Drive.

Enjoy hors d'oeuvres, take a tour and learn more about how advanced technologies are delivering the latest treatment protocols for complex cancers at UC Irvine Health.

To RSVP, please contact Lissa Gomez at 714-456-3571  
or [gomezl@uci.edu](mailto:gomezl@uci.edu).

Please join us on Thursday, January 28 to discuss patient care and access to the latest advances in radiation therapy.

As the only National Cancer Institute-designated comprehensive cancer center in Orange County, we treat more patients with cancer — and more complex cases — than any other healthcare provider in the region.

**At UC Irvine Health, noninvasive treatments are performed using the most innovative technologies, such as:**

- Intensity-modulated radiation therapy (IMRT)
- Image-guided radiation therapy (IGRT); using Vision RT and Calypso —a tumor localization system used during treatment for real-time tumor tracking)
- Stereotactic radiosurgery (SRS), Stereotactic Body Radiotherapy (SBRT)
- Volumetrically Modulated Arc Therapy (VMAT) using Varian Rapid Arc™
- Intraoperative Radiotherapy (IORT)
- Dedicated Brachytherapy Suite offering High Dose Rate Brachytherapy in conjunction with the Varian Acuity™

Our focus is to provide your patients with the most personalized, advanced treatments in a comfortable and caring environment.
